WORK EXPERIENCE

Software Developer Intern Infomatics Corp

04/2023 - Present

Mangalore

www.infomaticscorp.com

Projects :

- V-Form : V-form is a software solution for recruiting and staffing operations. It has a number of necessary HR functions, such as storing employee data, managing payroll, recruitment and attendance management.
- Created a cutting-edge V-Form ChatBot, revolutionizing user interactions and effortlessly handling queries with finesse, poised to enhance user experiences.
- Implemented a character size limit of 3000 characters for Email Templates in the Admin - Notifications section, including a character counter and validation mechanism to prevent input exceeding 6000 characters.

Technologies : Angular, Java, Maven, Eclipse, Spring Boot, Spring MVC, Hibernate, MySQL Workbench, Git, GitHub, Bitbucket, Jira.

PROJECTS

Fitness Mate (2022)

- Developed a mobile application in ASP.NET Core using C# to provide online training and comprehensive fitness information.
- Implemented user authentication and registration functionality for personalized user experiences.
- Designed and developed a user-friendly interface for easy navigation through fitness programs and exercise routines.
- Technologies: Asp.net Core , Visual Studio, C#, Android Studio
